

## Job description: CNC Machine Operator

### Location

Northampton

### Salary/hourly rate

£8 - £9.50 per hour

### Hours of work

13.00 - 23.30 Monday to Thursday

OR

07.00 - 15.30 Monday to Thursday

07.00 – 15.00 Friday

## Machine operator

### The Opportunity

A precision manufacturer that continues to grow and invest is looking for a Machine operator to run CNC machines. Opportunities to advance are available and additional training would be given to the right candidate. WE would happily consider someone how wants to make a career in Engineering and discuss training programs.

### Skills & Experience

You will be self-motivated able to run multiple machines, have a high attention to detail and the ability to communicate clearly to members of the team. Machine operation experience would be useful.

- Read engineering drawings (advantage)
- Run your machine with limited supervision.
- Quality inspection skills to check and verify jobs (advantage)
- Achieve targeted production based on job running times
- Adhere to all company policies and instructions

Recol Engineering Ltd has been trading successfully from our Northampton base for over 30 years. The business was established by Rhid Guntrip (our current MD) and has grown incrementally in that time to become regarded as one of the most respected sheet metal fabrication companies in Europe – by manufacturing high quality, precision sheet metalwork in stainless steel, aluminium and mild steel.
